DOREEN L. SHEIVE FISCAL ADMINISTRATOR UNORGANIZED TERRITORY

To the Taxpayers of the Unorganized Territory:

This report has been compiled to provide you with audited financial statements and relevant informational data.

I hope you find this report useful and informative. If you should have any questions or concerns, please feel free to contact any one of us who work for you.

Doreen L. Sheive Fiscal Administrator of the Unorganized Territory

September, 1999

GENERAL INFORMATION

UNORGANIZED TERRITORY TAX DISTRICT

GENERAL INFORMATION

The unorganized territory is presently comprised of the following:

- 9,030,824 acres of land, of which
 7,500,000 acres are in tree growth (for which the unorganized territory does not receive reimbursement from the State of Maine), and
 - 750,000 acres are exempt from property tax.
- There are 421 townships. One hundred twenty eight of these townships have a full-time resident population of approximately 7,000 people. In addition, the 1990 census estimated that there are 8,500 seasonal structures within the unorganized territory, housing approximately 22,000 non-residents.
- There are 76 offshore islands with only one island having a full-time population of four people.
- There are 400 miles of summer roads and 526 miles of winter roads to maintain.
- There is unorganized territory located within twelve of the sixteen counties in Maine. However, municipal type services are only required in nine of these twelve counties.
- Presently, the municipal type services are contracted for at the county level at a cost to the unorganized territory taxpayer of approximately \$3,000,000 per year. Education, tax assessing, planning and zoning, general assistance, forest fire protection, and fiscal administration are provided at the state level at an annual cost to the unorganized territory taxpayer of approximately \$8,000,000. In addition, the unorganized territory taxpayer pays approximately \$2,000,000 in county taxes annually. The unorganized territory does not receive school subsidy nor tree growth reimbursement from the State of Maine.

STATE SERVICES

The Legislature allocates and appropriates General Fund monies to the majority of state agencies who provide services to the unorganized territory. However, the General Fund appropriations are offset by transfers made to the Undedicated General Fund for actual expenditures made on behalf of the unorganized territory. The Fiscal Administrator of the Unorganized Territory, in compliance with Title 36, MRSA, \$1605, Sub\$2-A, transfers on October 31 of each year, an amount equal to 90% of the preceding fiscal year's expenditures. Then, in June of each year, the Fiscal Administrator verifies the total expenditures made by state agencies on behalf of the unorganized territory and transfers any remaining costs above the October 31st transfer to the Undedicated General Fund. Thus, the General Fund does not ultimately finance any services provided to the unorganized territory.

Within the state government structure services to the unorganized territory are provided by:

Maine Department of Education, Division of School Operations - Serves as the administrative unit responsible for education and related services for the 1,300 students residing in the unorganized territory. Of these 1,300 students, 1,050 are tuitioned to local school units and 300 students attend six unorganized territory operated schools in the unorganized territory.

Maine Department of Audit, Unorganized Territory Division - The Fiscal Administrator of the Unorganized Territory provides information and assistance to the Legislature, the unorganized territory taxpayers, and state and county offices which request funds for providing services in the unorganized territory. The Administrator's primary responsibilities include the review, analysis, and investigation of the budgets and expenditures of all county and state agencies requesting funds from the unorganized territory. This is to ensure the completeness and accuracy of the annual report. The annual report is submitted to the joint standing committee of the Legislature having jurisdiction over taxation and to each legislator and office of the county commissioners having unorganized territory within their districts.

In addition, the Fiscal Administrator drafts and submits the annual Municipal Cost Components legislation in order for taxes to be levied; attends and participates in public hearings on county budgets and legislative hearings relative to the unorganized territory; publishes and distributes an annual financial report to interested taxpayers, legislators and county commissioners; and is Chair of the Commission on Municipal Deorganization.

Maine Department of Conservation, Forest Fire Control Division - Provides first response forest fire protection to the unorganized territory - including fire prevention, fire detection, fire suppression, fire planning, and the maintenance of forest fire equipment.

Maine Department of Human Services, Special Services/Emergency Assistance - Designates and oversees agents who provide general assistance services to the unorganized territory citizens.

Maine Department of Conservation, Land Use Regulation Commission - Serves as the planning and zoning board for the unorganized territory and other areas of Maine lacking local governments empowered to exercise land use authority.

STATE SERVICES (Cont'd)

Maine Department of Administrative and Financial Services, Revenue Services, Property Tax Division - Responsible for the assessment and collection of property taxes for the 421 townships and numerous coastal islands within the unorganized territory. The Bureau also maintains control of vehicle and boat excise taxes for the unorganized territory.

COUNTY SERVICES

County services such as: road and bridge maintenance and repair, snow removal, structural fire protection, ambulance services, solid waste disposal, polling places, and animal control may, in accordance with Title 30A, MRSA, Chapter 305, be either provided or contracted for by the county commissioners in the following counties:

Aroostook

Franklin

Hancock

Kennebec

Oxford

Penosbcot

Piscataquis

Somerset

Washington

In the fall of the year, each of the above named counties produces an unorganized territory budget. The law requires that a public hearing on this budget be held at the same time as the county budget hearing. These budgets are submitted to the Fiscal Administrator of the Unorganized Territory for review, analysis, and investigation. They are than included in the legislation and report submitted by the Fiscal Administrator to the Legislature for its consideration.

MUNICIPAL COST COMPONENTS LEGISLATION

The Fiscal Administrator of the Unorganized Territory drafts and submits the Municipal Cost Components legislation no later than March 1 of each year. This legislation consists of the budgeted state services minus anticipated revenues such as revenue sharing and the use of the undesignated fund balance. It also consists of the budgeted tax assessment for each of the counties that provide municipal type services.

A public hearing on this legislation is held before the Joint Standing Committee on Taxation. The legislation is then voted on by both houses of the Legislature (a 2/3 vote is required because it is emergency legislation) and signed into law by the Governor.

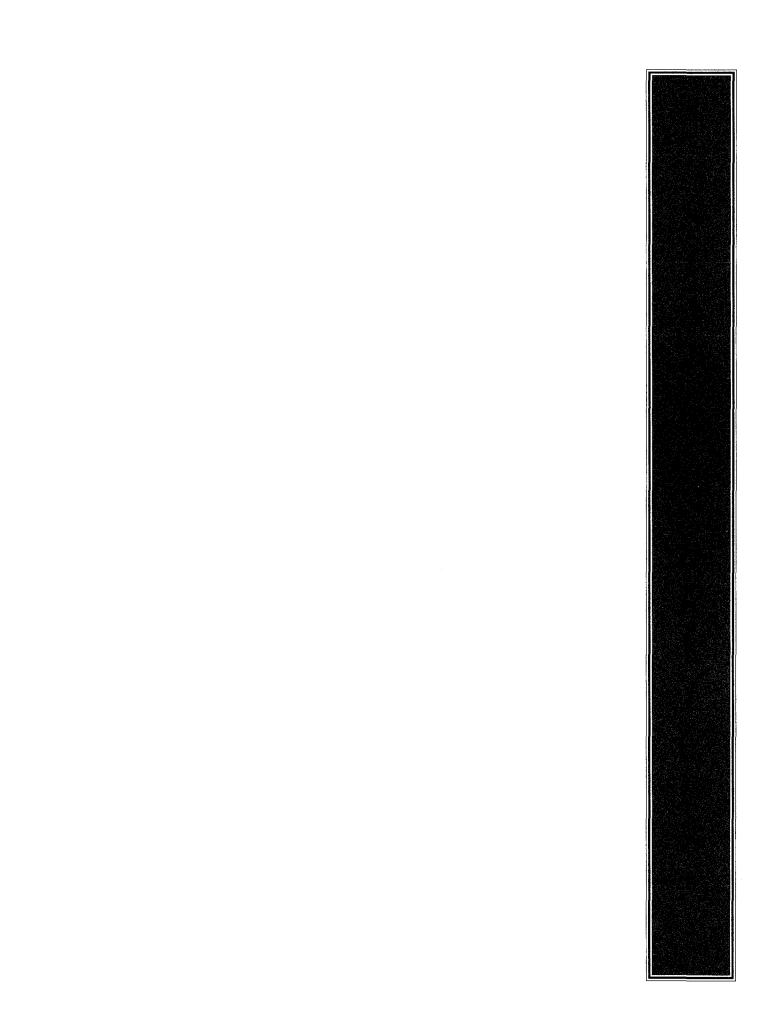

TAXES

Once the Municipal Cost Components legislation is enacted, the Division of Unorganized Territory Property Tax within the Maine Department of Administrative and Financial Services issues the tax bills. The bills are mailed no later than August 1 of each year. The tax is due by October 1.

The mill rate in the unorganized territory consists of three components. They are:

- 1. County service budget (specific to the county in which the taxpayer owns property) divided by the county valuation = Mill Rate
- 2. State services budget (minus budgeted revenue) divided by the entire unorganized territory valuation = Mill Rate (NOTE: This mill rate is consistent for every taxpayer in the unorganized territory)
 - A. The above two mill rates are added and rounded up to the nearest $\frac{1}{4}$ mill = Mill Rate
- 3. County Tax (specific to the county in which the taxpayer owns property) divided by the county valuation = Mill Rate

Numbers 2A and 3 mill rates are added to get the county tax rate for the individual counties in the unorganized territory.

Dog Licensing:

Each owner or keeper of a dog or wolf hybrid at the age of six months or more, on or before January 1st of each year, shall obtain a license from the dog recorder in the unorganized territory where the dog or wolf hybrid is kept or, in the absence of a duly authorized dog recorder, from a dog recorder in the nearest municipality or unorganized territory in the same county where the dog or wolf hybrid is kept.

To license a dog you must have a current Maine rabies certificate. If the dog has been spayed or neutered then you must show proof from a veternarian to receive the lower cost license. Licensing fees are \$4.00 for spayed/neutered dogs and \$7.50 for unaltered dogs. A kennel license is available for anyone that has a "pack or collection of dogs kept in a single location under one ownership for breeding, hunting, show, training, field trials or exhibition purposes" -- one to ten dogs is \$21.00 and 11 or more is \$42.00.

Licensing determines ownership and compliance with mandatory rabies immunizations. Licensing protects the stray dog and provides them with food and shelter for six days before they are allowed to be adopted and eight days before they can be euthanized, if that is recommended. After the required holding period of six days, ownership of the stray dog is vested in the animal shelter.

Dog recorders in the unorganized territory are appointed by the Commissioner of Agriculture and shall issue dog licenses, receive the license fees and pay them to the department of Agriculture.

The following pages contain a list of places in the unorganized territory to license your dog.

Fax: (207)765-2008

Principal: Shelley Lane

inicipal. Shelley Lane

Enrollment: 38 (Pre-K - Fifth)

Rockwood Elementary School

Route 15

PO Box 309

Rockwood, Maine 04478

Telephone: (207) 534-7779

Fax: (207) 534-7750

Prinicipal: Katherine Ryder

Enrollment: 17 (Pre-K - Fifth)

The staff necessary to operate these six schools consists of: four principals, 24 teachers, five teacheraides, five janitor/bus drivers, two janitors, three bus drivers, six cooks, and five Clerk Typists. In addition the staff includes 11 bus drivers who transport unorganized territory tuition students to local educational agencies and one Education Specialist III, who serves as the Special Services Coordinator for all unorganized territory students.

The division owns and operates school buses as well as subcontracts with private conveyors to transport students from remote areas to either local educational agencies or to designated school bus stops.

Tuition students, numbering approximately 1,000 (elementary and secondary), are transported to 48 different local educational agencies within proximity of their residences.

The division is responsible for its own payroll and personnel records as well as for processing all expenditures involved in education in the Unorganized Territory system.

FISCAL ADMINISTRATOR OF THE UNORGANIZED TERRITORY

CONTACT: Doreen L. Sheive

Fiscal Administrator of the Unorganized Territory Maine Department of Audit

Hallowell Annex

66 State House Station

Augusta, Maine 04333-0066

(207) 624-6250 Fax - (207) 624-6273

Email - doreen.sheive@state.me.us

The Fiscal Administrator of the Unorganized Territory provides information and assistance to the Legislature, the unorganized territory taxpayers, and state and county offices which request funds for providing services in the unorganized territory.

The Fiscal Administrator's primary responsibilities include the review, analysis, and investigation of the budgets and expenditures of all county and state agencies requesting funds from the unorganized territory. This is to ensure the completeness and accuracy of the annual report submitted to the joint standing committee of the Legislature having jurisdiction over taxation and to each legislator and office of the County Commissioners having unorganized territory.

In addition, the Fiscal Administrator drafts and submits the annual Municipal Cost Components legislation in order for taxes to be levied; attends and participates in public hearings on county budgets and legislative hearings relative to the unorganized territory; ensures that an annual audit of the unorganized territory fund at the state level is performed; and publishes and distributes an annual financial report to interested taxpayers, legislators, and county commissioners.

The Fiscal Administrator also serves as Chair of the Commission on Municipal Deorganization. The Commission was established to assist, review, recommend, and comment on deorganization procedures as established in Title 30-A, M.R.S.A., Chapter 302. The commission membership consists of the Commissioner of Education or designee, the Fiscal Administrator of the Unorganized Territory or designee, the State Tax Assessor or designee, the Director of the Maine Land Use Regulation Commission or designee, and the county commissioner whose district includes the municipality which is considering deorganization.

FOREST FIRE PROTECTION IN THE UNORGANIZED TERRITORY

CONTACT: Tom Parent

Forest Fire Control Division

Maine Department of Conservation

22 State House Station

Augusta, Maine 04333-0022

(207) 287-4990

Fax - (207) 287-8422

The Forest Fire Control Divsion of the Maine Department of Conservation, provides forest fire protection to the unorganized territory. This includes fire prevention, fire detection, fire suppression, fire planning and the maintenance of forest fire equipment in first response condition. State laws are enforced concerning fire prevention, timber trespass, use of ATVs, land use regulations and forest practices activities.

For 1997 and 1998, forest fire activity was as follows:

| <u>1997</u> | | <u>1998</u> | |
|----------------|----|----------------|----|
| Lightning | 15 | Lightning | 19 |

GENERAL ASSISTANCE IN THE UNORGANIZED TERRITORY

CONTACT: Cindy Boyd, Manager

General Assistance

Maine Department of Human Services

11 State House Station

Augusta, Maine 04333-0011

(207) 287-3097

Fax - (207) 287-5096

Pursuant to Title 22, M.R.S.A., Section 4312, residents of the unorganized territory shall be eligible for general assistance in the same manner as residents of a municipality. Either through individual agents or surrounding municipalities, a program is provided whereby residents of the unorganized territory may be deemed eligible to receive assistance for basic necessities which include food, clothing, shelter, fuel, electricity, non-elective medical services as recommended by a physician, non-prescription drugs, telephone when it is necessary for medical reasons, and any other commodity or service determined to be essential. These services are provided on a 30-day basis at a time.

The following is a list of agents/municipalities who the Department of Human Services has contracted with to handle general assistance requests within the unorganized territory along with their assigned townships:

LAND USE REGULATION COMMISSION

CONTACT: John Williams, Director

Maine Department of Conservation Land Use Regulation Commission

22 State House Station

Augusta, Maine 04333-0022

(207) 287-2631 Fax - (207) 287-7439

The Maine Land Use Regulation Commission (LURC) was established in 1971 to serve as the planning and zoning board for the state's unorganized townships that have no form of local government; for plantations, which have limited local government but have chosen not to administer local land use controls; and for some towns that choose not to administer such controls at the local level despite having the option to do so. The Commission is responsible for promoting public health, safety and general welfare by encouraging the appropriate well-planned use of the resources within its jurisdiction and by guiding land use activities.

The Commission's responsibilities are to prepare a comprehensive land use plan for its jurisdiction, to prepare land use standards for each zoning district, to review applications for development, and to enforce compliance with those standards.

The Maine Land Use Regulation Commission is governed by a seven-member independent decision-making body, with members appointed by the Governor subject to review by the Joint Standing Committee on Agriculture, Conservation and Forestry and approval by the Legislature. Four members must be residents of the Commission's jurisdiction. Commissioners serve four-year staggered terms.

The Commission makes decisions on permit applications, enforcement actions, zoning boundaries and land use standards at regular meetings held monthly at locations in or near its jurisdiction. The Commission also holds public hearings and information meetings as needed.

In Fiscal Year 1997, the Commission completed a major revision to its Comprehensive Land Use Plan. The new plan became effective on March 27, 1997, when it was signed by Governor King.

The following publications are available, at no charge, by contacting LURC directly:

TAXATION IN THE UNORGANIZED TERRITORY

CONTACT: Bob Doiron

Supervisor, Unorganized Territory

Property Tax

Maine Revenue Services 24 State House Station Augusta, Maine 0433-0024

(207) 287-2011

Fax - (207) 287-6396

The Maine Revenue Services, Property Tax Division is responsible for the assessment and collection of all property taxes within the Unorganized Territory Tax District.

The Service also maintains control of vehicle and boat excise taxes for the unorganized territory. It appoints agents/municipalities as excise tax collectors.

Paying your vehicle/boat excise taxes to an authorized collector in your area is very important. Since your mailing address may differ from your residence, you should make the collector aware of your local residency so that the excise tax is not mistakenly placed with the town's funds.

The county in which the unorganized territory is located ultimately receives the excise tax revenue. The county officials, at budget time, allocate this revenue to decrease the tax commitment, thereby reducing your property taxes. The excise taxes collected and transferred to the counties for Fiscal Years 1997 and 1998 were 681,722 and \$680,066 respectively.

The following is a list of excise tax collectors by county:

State of Maine Department of Audit Serving as Audit Committee

Unorganized Territory Education and Services Fund:

Glenn S. Kersteen Carl N. Ouellette John J. Sullivan Kathleen B. Tyson Alice M. Harris

We have audited the accompanying financial statements of the State of Maine Unorganized Territory Education and Services Fund as of and for the year ended June 30, 1997, as listed in the table of contents. These financial statements are the responsibility of the State of Maine Unorganized Territory Education and Services Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Alexander M. Runyon Of Counsel

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements referred to above include only the financial activities of the State of Maine Unorganized Territory Education and Services Fund, which is represented by certain accounts of the State of Maine, as more fully explained in the footnotes.

As described in the notes, the financial statements referred to above do not include the financial statements of the general fixed assets account group, which should be included to conform with generally accepted accounting principles. The amount which should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the State of Maine Unorganized Territory Education and Services Fund as of June 30, 1997 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The individual fund statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the State of Maine Unorganized Territory Education and Services Fund. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

20 Long Creek Drive South Portland, ME 04106 207-773-2986 or 1-800-486-1784 FAX 207-772-3361 or 1-800-486-1785 http://www.rko-cpas.com State of Maine Department of Audit Page 2

In accordance with Government Auditing Standards, we have also issued our report dated December 31, 1997 on our consideration of the State of Maine Unorganized Territory Education and Services Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Runym Kerstein Ouestitte.

Notes to Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the State of Maine Unorganized Territory Education and Services Fund conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant of such policies:

A. Reporting Entity

These financial statements include only the financial activities of the State of Maine Unorganized Territory Education and Services Fund (UT). This fund is part of the State of Maine and has been included in the State of Maine's General Purpose Financial Statements. The UT does not have separate legal standing or corporate powers that would distinguish it as being legally separate from the State of Maine. The activity of the UT is accounted for as part of a special revenue fund within the State of Maine's accounting system. This activity has been extracted from these accounting records, appropriately adjusted, and reported independently in these financial statements.

The State of Maine Unorganized Territory Education and Services Fund, as described above, accounts for the expenditure of funds to support certain services to the unorganized territories, namely education, general assistance, forest fire control, and land use regulation. The UT also expends funds in the form of payments to the various counties in the State which contain unorganized territories, for both county taxes and for reimbursement of services rendered by the individual counties to the unorganized territories within that county's boundaries. Revenue is raised to support these costs on an annual basis in the form of property taxes assessed by the State of Maine on individual property owners within the unorganized territories.

B. Basis of Presentation

The accounts of the UT are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are reported by type in the financial statements. Amounts in the "totals - memorandum only" columns in the preceding financial statements represent a summation of the combined financial statement line items of the fund type, and are presented only for analytical purposes. The summation may include fund types that use different bases of accounting and interfund transactions that have not been climinated. Consequently, amounts shown in the "totals - memorandum only" columns are not comparable to a consolidation and do not represent the total resources available, or the total revenues and expenditures/expenses of the UT. The UT uses the following fund categories and fund types:

GOVERNMENTAL FUND

Governmental funds are those through which most governmental functions of the UT are financed. The acquisition, use and balances of the UT's expendable financial resources and the related liabilities are accounted for through the governmental fund. The measurement focus is upon determination of changes

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

in financial position, rather than upon net income determination. The following is the UT's Governmental Fund Type:

General Fund - This fund accounts for all financial transactions except those required to be accounted for in another fund.

FIDUCIARY FUND

Agency Fund - Agency funds are used to account for assets that the UT holds on behalf of others as their agent. The UT accounts for the collection and disbursement of excise taxes on behalf of the counties' unorganized territories in an agency fund.

C. Basis of Accounting

The accounting and reporting treatment applied to a fund is determined by its measurement focus. Governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Revenues are recognized (recorded) in the accounting period in which they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures of the current fiscal period. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. This contrasts with the method used by private-sector entities, where revenues are recorded when they are earned.

Charges for services and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

Under the modified accrual basis of accounting expenditures are generally recognized when the related fund liability is incurred.

D. Budgetary Accounting

Each year the Fiscal Administrator of the UT requests budget information from the state agencies and counties who provide services to the taxpayers of the unorganized territories. Bi-annually the Joint Standing Committee on Appropriations and Financial Affairs recommends to the Legislature a state wide

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. CONTINUED

budget which includes the state wide components of the State of Maine Unorganized Territory. The Fiscal Administrator drafts a legislative document (L.D.) for the purpose of setting and authorizing the collection of taxes in the UT to the Legislature for consideration. This L.D. is known as the "Municipal Cost Component". Once the L.D. is printed and assigned, the Fiscal Administrator prepares and submits an analytical report of the legislation to the members of the Joint Standing Committee on Taxation, each legislator who has unorganized territory within their district, and the office of the county commissioners of each county with unorganized territories.

Once the Legislature approves the Municipal Cost Component, the State Tax Assessor levies a tax on all nonexempt real and personal property in the unorganized territories. The taxpayer's bill is based on three components — the cost of state services spread across the unorganized territories, the cost of county provided services specific to each county, and the cost of county taxes specific to each county. The Legislature can also approve deappropriations to the various departments during the year. During the year ended June 30, 1997 deappropriations totalled \$26,943 and have been included within the budget numbers as a reduction to the applicable expenses.

Any unexpended balance may not simply lapse to fund balance at the end of the fiscal year but must now be carried forward to the same fund for the next fiscal year and must be available for the purposes authorized. Any unexpended balance remaining in the fund at the end of the year, not including amounts set aside in capital reserves, that is in excess of 10% of the amount of expenditures for that year must be used to reduce the amount to be collected in taxes during the year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. At June 30, 1997 fund balance reservations for outstanding encumbrances amounted to \$16,126.

E. Explanation of Excess Expenditures

For the year ended June 30, 1997, this report shows expenditures in excess of the budget in the following departments:

| Fiscal Administrator | \$ 15,947 |
|--------------------------------|-----------|
| Assessments | 5,808 |
| Land Use Regulation Commission | 5.003 |

The budget presentation in these financial statements represents the municipal cost component which is used to facilitate the calculation of the amount to be raised by the Unorganized Territories through taxation. Carryforwards of prior year surpluses which have been authorized for expenditure have not been included. If these carryforwards had been included, no excesses of expenditures would have existed for the Fiscal Administrator line. The legal level of budgetary control is at this State department level, which was not exceeded. The assessments line shows an overexpenditure due to the purchase of a computer system, the revenue of which had been raised in prior years. LURC was overexpended due to additional appropriations approved subsequent to approval of municipal cost component.

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

F. General Fixed Assets

The UT does not maintain a general fixed asset group of accounts. Expenditures for property and equipment are charged to departmental operations whenever such items are purchased. The UT does maintain an inventory of fixed assets for insurance purposes.

G. Vacation and Sick Leave

The UT (State) permits employees to accumulate a limited amount of earned but unused vacation benefits which will be paid to employees upon separation from State service. The cost of unused vacation benefits at June 30, 1997 was \$48,721 and has been accrued in the General Fund as it is expected that these liabilities will be funded with current expendable resources. Employees' sick time is not vested; therefore expense for sick time is recorded when paid.

PROPERTY TAX

Property taxes for the current year were committed on June 26, 1996 based on the assessed value of all real and personal property located in each county. Tax bills are mailed annually by August 1, with one installment due on October 1. Interest was charged at 6% on all taxes unpaid after this date. Assessed values are periodically established by the UT's Assessor at 100% of estimated market value. At April 1, 1996, the date on which the current year's assessed value was based, the assessed value represented 100% of estimated market value.

The UT is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$305,791 for the year ended June 30, 1997. The variance between actual property tax revenues and budgeted property tax revenues represents supplemental taxes, overlay and the change in deferred taxes.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The UT has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remained unpaid.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

The following summarizes the 1997 levy:

| | Assessed <u>value</u> | Tax rate | Commitment |
|-----------|--------------------------|-------------|------------|
| Aroostook | \$ 399,250,364 | .00733 | 2,926,505 |

Plan Description

All employees of the Maine Unorganized Territory Education and Services Fund are members of the Maine State Retirement System. The system provides pension, death and disability benefits to its members. The System acts as the common investment agent for the State and all other participating entities.

The System's retirement programs provide defined retirement benefits based on members' average final compensation and creditable service. Vesting occurs upon the earlier of ten years' service credit or the earning of one year's service credit immediately preceding retirement at or after normal retirement age. Normal retirement age is 60 or 62, determined by whether a member had at least 10 years of creditable service on June 30, 1993. The monthly benefit is reduced by a statutory prescribed factor for each year that a member is below the normal retirement age. The system also provides death and disability benefits, which are established by statute for State and public school employees, and by contract with other participating employers under applicable statutory provisions.

Notes to Financial Statements, Continued

PENSIONS, CONTINUED

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited for a five year period for non-vested members and through the date of refund for vested members. Withdrawal of accumulated contributions results in forfeiture of all benefits. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 6.5%.

In the event that a participating entity withdraws from the System, its individual employee-members can terminate membership or remain contributing members. The participating entity remains liable for contributions sufficient to fund benefits for its already retired former employee-members, for its terminated vested inactive members, and for those active employees, whether or not vested, who remain contributing System members.

Retirement benefits are funded by contributions from members and employers as well as earnings from investments. Disability and death benefits are funded by employer contributions and investment earnings. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the terms of the plan under which a member is covered. Employer contribution rates are determined by annual actuarial valuations.

The System also provides group life insurance under a plan that is administered by a third party insurance company. Premiums are set and collected by the System. Benefit payments are made by the insurance company from premiums collected. Any shortfall of benefit payments over premiums collected is remitted by the system to the insurance company.

Contributions Required and Made

The System's funding policy provides for periodic employer contributions at actuarially determined rates. Expressed as percentages of annual covered payroll, these rates are sufficient to accumulate adequate assets to pay benefits when due. Level percentages of payroll employer contribution rates are determined using the entry age normal actuarial funding method. The system also uses the level percentage of payroll method to amortize the unfunded liability of the State and teacher plan(s) over a closed 35 year period.

Plan members are required by statute to contribute 7.65% of earnable compensation or have "pickup" contributions made at a rate of 7.65% of earnable compensation. "Pickup" contributions are defined by statute as member contributions which are assumed and paid by the employer through a reduction of member's salaries for services rendered in lieu of employee contributions. The contribution rate differs for special groups of State employees.

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The UT is aware of the existence of several landfills which have all been closed as of June 30, 1997. The liability for postclosure monitoring costs falls on the individual County's Unorganized Territory funds. The State of Maine Unorganized Territory Education and Services Fund would be effected by virtue of an increase in the municipal cost component needs in a year in which postclosure costs were incurred. The amount and timing of these potential postclosure costs are unknown.

Notes to Financial Statements, Continued

COUNTY TAX

The following summarizes the amounts of county taxes paid to each of the counties for the year ended June 30, 1997:

| Aroostook | \$ 429,277 |
|-------------|------------|
| Franklin | 93,902 |
| Hancock | 26,499 |
| Kennebec | 3,444 |
| Knox | 6,820 |
| Lincoln | 3,113 |
| Oxford | 61,291 |
| Penobscot | 154,347 |
| Piscataquis | 564,519 |
| Somerset | 384,860 |
| Waldo | 479 |
| Washington | 208,256 |
| | |

Total \$ 1,936,807

OTHER EMPLOYEE BENEFITS

A. Postretirement Health Care Benefits

The employees of the State of Maine Unorganized Territory Education and Services Fund are covered under the State of Maine's employer benefits program. In addition to providing pension benefits, the State of Maine funds health care benefits for most retirees. The State pays 25% of post retirement health insurance premiums for teachers. The State pays 100% of post retirement health insurance premiums for other eligible individuals who were first employed before July 1, 1991. A pro rata portion, ranging from 0% for retirees with less than 5 years participation to 100% for retirees with 10 or more years of participation, is paid for eligible individuals first employed after July 1, 1991. Retirees eligible for Medicare are covered under supplemental insurance policies. Coverage for retirees who are not eligible for Medicare includes basic hospitalization, supplemental major medical and prescription drugs, and costs for treatment of mental health, alcoholism and substance abuse.

B. Postretirement Life Insurance Benefits

In addition to providing pension and health care benefits and in accordance with statutory authority the State of Maine through the Maine State Retirement System (MSRS) provides certain life insurance benefits for retired employees who, as active employees, participated in the Group Life Insurance Program for a minimum of 10 years. Payments of claims are made by MSRS from a fund containing a percentage of the monthly State paid basic life insurance premiums of active State employees, basic life insurance premiums of active teachers and earnings on the investments of the fund. In addition to the cost of claims, the State pays a monthly retention fee to a life insurance company.

Notes to Financial Statements, Continued

OTHER EMPLOYEE BENEFITS, CONTINUED

C. Deferred Compensation

The State offers its employees a deferred compensation plan created in accordance with Internal Revenue Code §457. The plan is available to all State employees, and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Until May 15, 1997, all amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights were (until paid or made available to the employee or other beneficiary) solely the property and rights of the State (without being restricted to the provisions of benefits under the plan), subject only to the claims of the State's general creditors. Participants' rights under the plan were equal to those of general creditors of the State in an amount equal to the fair market value of the deferred account for each participant.

On May 15, 1997, the State amended the plan in accordance with the provisions of IRS Section 457(g). On that date, assets of the plan were placed in trust for the exclusive benefit of participants and their beneficiaries. The requirements of that IRS Section prescribes that the State no longer owns the amounts deferred by employees, including the related income on those amounts.

SELF-INSURANCE

A. Risk Management

The State maintains several types of self-insurance plans. These include property, vehicle, boat and aircraft, tort, civil rights, employee bonds, police professional, workers' compensation and unemployment compensation. The UT participates in these plans. Full disclosure regarding claims, excess insurance and claims and judgment liabilities can be found in the State of Maine's Single Audit Report.

Independent Auditor's Report

Certified Public Accountants

State of Maine Department of Audit Serving as Audit Committee Unorganized Territory Education and Services Fund:

Glenn S. Kersteen Carl N. Ouellette John J. Sullivan Kathleen B. Tyson Alice M. Harris

We have audited the accompanying financial statements of the State of Maine Unorganized Territory Education and Services Fund as of and for the year ended June 30, 1998, as listed in the table of contents. These financial statements are the responsibility of the State of Maine Unorganized Territory Education and Services Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements referred to above include only the financial activities of the State of Maine Unorganized Territory Education and Services Fund, which is represented by certain accounts of the State of Maine, as more fully explained in the footnotes.

As described in the notes, the financial statements referred to above do not include the financial statements of the general fixed assets account group, which should be included to conform with generally accepted accounting principles. The amount which should be recorded in the general fixed assets account group is not known.

In our opinion, except for the omissions of the information discussed in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of Maine Unorganized Territory Education and Services Fund as of June 30, 1998 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The individual fund statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the State of Maine Unorganized Territory Education and Services Fund. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

20 Long Creek Drive South Portland, ME 04106 207-773-2986 or 1-800-486-1784 FAX 207-772-3361 or 1-800-486-1785 http://www.rko-cpas.com State of Maine Department of Audit Page 2

The State of Maine Unorganized Territory Education and Services Fund has not presented the disclosures required by Governmental Accounting Standards Board Technical Bulletin 98-1, Disclosures about Year 2000 Issues, as amended by Governmental Accounting Standards Board Technical Bulletin 99-1, that the Governmental Accounting Standards Board has determined are necessary to supplement, although not be a part of, the basic financial statements. In addition, we do not provide assurance that the State of Maine Unorganized Territory Education and Services Fund is or will become year 2000 compliant, that the State of Maine Unorganized Territory Education and Services Fund's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the State of Maine Unorganized Territory Education and Services Fund does business are or will become year 2000 compliant.

In accordance with Government Auditing Standards, we have also issued our report dated February 5, 1999 on our consideration of the State of Maine Unorganized Territory Education and Services Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Notes to Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the State of Maine Unorganized Territory Education and Services Fund conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant of such policies:

A. Reporting Entity

These financial statements include only the financial activities of the State of Maine Unorganized Territory Education and Services Fund (UT). This fund is part of the State of Maine and has been included in the State of Maine's General Purpose Financial Statements. The UT does not have separate legal standing or corporate powers that would distinguish it as being legally separate from the State of Maine. The activity of the UT is accounted for as part of a special revenue fund within the State of Maine's accounting system. This activity has been extracted from these accounting records, appropriately adjusted, and reported independently in these financial statements.

The State of Maine Unorganized Territory Education and Services Fund, as described above, accounts for the expenditure of funds to support certain services to the unorganized territories, namely education, general assistance, forest fire control, and land use regulation. The UT also expends funds in the form of payments to the various counties in the State which contain unorganized territories, for both county taxes and for reimbursement of services rendered by the individual counties to the unorganized territories within that county's boundaries. Revenue is raised to support these costs on an annual basis in the form of property taxes assessed by the State of Maine on individual property owners within the unorganized territories.

B. Basis of Presentation

The accounts of the UT are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are reported by type in the financial statements. Amounts in the "totals - memorandum only" columns in the preceding financial statements represent a summation of the combined financial statement line items of the fund type, and are presented only for analytical purposes. The summation may include fund types that use different bases of accounting and interfund transactions that have not been eliminated. Consequently, amounts shown in the "totals - memorandum only" columns are not comparable to a consolidation and do not represent the total resources available, or the total revenues and expenditures/expenses of the UT. The UT uses the following fund categories and fund types:

GOVERNMENTAL FUND

Governmental funds are those through which most governmental functions of the UT are financed. The acquisition, use and balances of the UT's expendable financial resources and the related liabilities are accounted for through the governmental fund. The measurement focus is upon determination of changes

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

in financial position, rather than upon net income determination. The following is the UT's Governmental Fund Type:

General Fund - This fund accounts for all financial transactions except those required to be accounted for in another fund.

FIDUCIARY FUND

Agency Fund - Agency funds are used to account for assets that the UT holds on behalf of others as their agent. The UT accounts for the collection and disbursement of excise taxes on behalf of the counties' unorganized territories in an agency fund.

C. Basis of Accounting

The accounting and reporting treatment applied to a fund is determined by its measurement focus. Governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Revenues are recognized (recorded) in the accounting period in which they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures of the current fiscal period. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. This contrasts with the method used by private-sector entities, where revenues are recorded when they are earned.

Charges for services and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

Under the modified accrual basis of accounting expenditures are generally recognized when the related fund liability is incurred.

D. Budgetary Accounting

Each year the Fiscal Administrator of the UT requests budget information from the state agencies and counties who provide services to the taxpayers of the Unorganized Territories. Bi-annually the Joint Standing Committee on Appropriations and Financial Affairs recommends to the Legislature a state wide

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

budget which includes the state wide components of the State of Maine Unorganized Territory. The Fiscal Administrator drafts a legislative document (L.D.) for the purpose of setting and authorizing the collection of taxes in the UT to the Legislature for consideration. This L.D. is known as the "Municipal Cost Component". Once the L.D. is printed and assigned, the Fiscal Administrator prepares and submits an analytical report of the legislation to the members of the Joint Standing Committee on Taxation, each legislator who has unorganized territory within their district, and the office of the county commissioners of each county with unorganized territories.

Once the Legislature approves the Municipal Cost Component, the State Tax Assessor levies a tax on all nonexempt real and personal property in the unorganized territories. The taxpayer's bill is based on three components — the cost of state services spread across the unorganized territories, the cost of county provided services specific to each county, and the cost of county taxes specific to each county. The Legislature can also approve deappropriations to the various departments during the year. During the year ended June 30, 1998 deappropriations totalled \$14,043 and have been included within the budget numbers as a reduction to the applicable expenses.

Any unexpended balance may not simply lapse to fund balance at the end of the fiscal year but must now be carried forward to the same fund for the next fiscal year and must be available for the purposes authorized. Any unexpended fund balance remaining in the fund at the end of the year, not including amounts set aside in capital reserves, that is in excess of 10% of the amount of expenditures for that year must be used to reduce the amount to be collected in taxes during the year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. At June 30, 1998 fund balance reservations for outstanding encumbrances amounted to \$281,505.

E. Explanation of Excess Expenditures

For the year ended June 30, 1998, this report shows expenditures in excess of the budget in the following departments:

| Fiscal Administrator | \$ 5,362 |
|--------------------------------|----------|
| Assessments | 9,628 |
| Land Use Regulation Commission | 939 |

The budget presentation in these financial statements represents the municipal cost component which is used to facilitate the calculation of the amount to be raised by the Unorganized Territories through taxation. Carryforwards of prior year surpluses which have been authorized for expenditure have not been included. If these carryforwards had been included, no excesses of expenditures would have existed for the Fiscal Administrator line. The legal level of budgetary control is at this State department level, which was not exceeded. The assessments line shows an overexpenditure due to the purchase of a computer system, the revenue of which had been raised in prior years.

Notes to Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

F. General Fixed Assets

The UT does not maintain a general fixed asset group of accounts. Expenditures for property and equipment are charged to departmental operations whenever such items are purchased. The UT does maintain an inventory of fixed assets for insurance purposes. Additionally, in 1997-98 the UT Department of Education did an inventory of all its fixed assets. This listing has not been audited.

G. Vacation and Sick Leave

The UT (State) permits employees to accumulate a limited amount of earned but unused vacation benefits which will be paid to employees upon separation from State service. The cost of unused vacation benefits at June 30, 1998 was \$56,772 and has been accrued in the General Fund as it is expected that these liabilities will be funded with current expendable resources. Employees' sick time is not vested; therefore expense for sick time is recorded when paid.

PROPERTY TAX

Property taxes for the current year were committed on July 25, 1997 based on the assessed value of all real and personal property located in each county. Tax bills are mailed annually by August 1, with one installment due on October 1. Interest was charged at 10% on all taxes unpaid after this date. Assessed values are periodically established by the UT's Assessor at 100% of estimated market value. At April 1, 1997, the date on which the current year's assessed value was based, the assessed value represented 100% of estimated market value.

The UT is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$293,357 for the year ended June 30, 1998. The variance between actual property tax revenues and budgeted property tax revenues represents supplemental taxes, overlay and the change in deferred taxes.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The UT has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remained unpaid.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

The following summarizes the 1998 levy:

| | Assessed | Tax | |
|-----------|----------------|--------|------------|
| | <u>value</u> | rate | Commitment |
| Aroostook | \$ 430,518,981 | .00681 | 2,931,834 |

Plan Description

All employees of the Maine Unorganized Territory Education and Services Fund are members of the Maine State Retirement System. The system provides pension, death and disability benefits to its members. The System acts as the common investment agent for the State and all other participating entities.

The System's retirement programs provide defined retirement benefits based on members' average final compensation and creditable service. Vesting occurs upon the earning of ten years' service credit or the earning of one year's service credit immediately preceding retirement at or after normal retirement age. Normal retirement age is 60 or 62, determined by whether a member had at least 10 years of creditable service on June 30, 1993. The monthly benefit is reduced by a statutory prescribed factor for each year that a member is below the normal retirement age. The system also provides death and disability benefits, which are established by statute for State and public school employees, and by contract with other participating employers under applicable statutory provisions.

STATE OF MAINE UNORGANIZED TERRITORY EDUCATION AND SERVICES FUND Notes to Financial Statements, Continued

PENSIONS, CONTINUED

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited for a five year period for non-vested members and through the date of refund for vested members. Withdrawal of accumulated contributions results in forfeiture of all benefits. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 6.5%.

In the event that a participating entity withdraws from the System, its individual employee-members can terminate membership or remain contributing members. The participating entity remains liable for contributions sufficient to fund benefits for its already retired former employee-members, for its terminated vested inactive members, and for those active employees, whether or not vested, who remain contributing System members.

Retirement benefits are funded by contributions from members and employers as well as earnings from investments. Disability and death benefits are funded by employer contributions and investment earnings. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the terms of the plan under which a member is covered. Employer contribution rates are determined by annual actuarial valuations.

Contributions Required and Made

The contributions to the System required of employers and employees are based on percentages of covered employees' gross salaries. The actuarially determined contribution rate is 7.65% for employees. The actuarial liability is that portion of the present value of projected benefits that will not be paid by future employer normal costs or member contributions. The difference between this liability and funds accumulated as of the same date is referred to as the unfunded actuarial liability. Beginning in 1998, the State is retiring unfunded liabilities of the System over a period of 31 years or less.

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The UT is aware of the existence of several landfills which have all been closed as of June 30, 1998. The liability for postclosure monitoring costs falls on the individual County's Unorganized Territory funds. The State of Maine Unorganized Territory Education and Services Fund would be effected by virtue of an increase in the municipal cost component needs in a year in which postclosure costs were incurred. The amount and timing of these potential postclosure costs are unknown.

| Oxford | 66,258 |
| Penobscot | 139,244 |
| Piscataquis | 659,814 |
| Somerset | 406,891 |
| Waldo | 426 |
| Washington | 188,818 |
| | 0.0.0 |

Total \$ 2,052,075

OTHER EMPLOYEE BENEFITS

A. Postretirement Health Care Benefits

The employees of the State of Maine Unorganized Territory Education and Services Fund are covered under the State of Maine's employer benefits program. In addition to providing pension benefits, the State of Maine funds health care benefits for most retirees. The State pays 25% of post retirement health insurance premiums for teachers. The State pays 100% of post retirement health insurance premiums for other eligible individuals who were first employed before July 1, 1991. A pro rata portion, ranging from 0% for retirees with less than 5 years participation to 100% for retirees with 10 or more years of participation, is paid for eligible individuals first employed after July 1, 1991. Retirees eligible for Medicare are covered under supplemental insurance policies. Coverage for retirees who are not eligible for Medicare includes basic hospitalization, supplemental major medical and prescription drugs, and costs for treatment of mental health, alcoholism and substance abuse.

B. Postretirement Life Insurance Benefits

In addition to providing pension and health care benefits and in accordance with statutory authority the State of Maine through the Maine State Retirement System (MSRS) provides certain life insurance benefits for retired employees who, as active employees, participated in the Group Life Insurance Program for a minimum of 10 years. Payments of claims are made by MSRS from a fund containing a percentage of the life insurance premiums of active State employees and teachers, plus earnings on the investments of the fund. In addition to the cost of claims, the State pays a monthly retention fee to a life insurance company.

Notes to Financial Statements, Continued

OTHER EMPLOYEE BENEFITS, CONTINUED

C. Deferred Compensation

The State offers its employees a deferred compensation plan created in accordance with Internal Revenue Code §457. The plan is available to all State employees, and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until the employee retire, resign, or otherwise leave State employment.

During 1998, the State amended the plan in accordance with the provisions of IRS Section 457(g). Assets of the plan were placed in trust for the exclusive benefit of participants and their beneficiaries. The requirements of the IRS Section prescribes that the State no longer owns the amounts deferred by employees, including the related income on those amounts.

SELF-INSURANCE

A. Risk Management

The State maintains several types of self-insurance plans. These include property, vehicle, boat and aircraft, tort, civil rights, employee bonds, police professional, workers' compensation and unemployment compensation. The UT participates in these plans. Full disclosure regarding claims, excess insurance and claims and judgment liabilities can be found in the State of Maine's Single Audit Report.
